ALL PARENTS, CARERS AND GUARDIANS

We are updating our child absence system. This SENTRAL system will enable us to notify parents of their child’s absence on that particular day and will enable parents to reply to this via the emails. There will be no need for notes to teachers explaining an absence if the email is replied to.

What we need from parents is a family email address for this system to work successfully.

Please fill in the form below.

Childs name _______________________________ Class ____________

Ben Comish (Relieving Principal)
Dear Parents and Carers

This week our staff will be having a three hour training session on Thursday in lieu of the Staff development days at the end of the year. During this session, staff will be doing a lot of work on the different types of assessment; Assessment of learning, Assessment for learning and Assessment as learning. A good balanced program includes all of these types of assessment as they help us know exactly what our students know and what they still need to learn. We will be also look at Consistent Teacher Judgement to ensure that reports to you are consistent across the stages.

The soccer Gala Day is on this Thursday. Mr Hopper and Miss File will be taking a group of boys and girls to participate in this. Swimming starts this Friday for 3-6 sport. Please ensure your children come with their swimmers each week. Living in this beautiful place surrounded by water, it is extremely important our children are confident and competent in the water and our lessons are free except for pool entry.

Parking continues to be a huge problem despite many requests for people to be safe and reasonable. Please do not park on the street in our bus bays or around the turning circle in the afternoons as this causes congestion. All students being picked up by parents in the afternoon are told to wait on the silver seats in front of the kindergarten rooms until they are collected by their parents. By telling your children to meet you on the road, you are actively encouraging them to break our rules and go against what the teachers have told them to do. It is extremely dangerous out the front of the school at this time because it is so congested. There is plenty of car parking space in the carpark in the afternoons. If you are unable to walk in to collect your children for some reason, please have your children walk out the Keel Street entrance to meet you on Bagnall Beach road.

This term we are evaluating our programs and practices and making plans for 2016. Please take the opportunity to participate in the surveys that are available for you. These surveys give us valuable information about the sort of school you want so that we can ensure that we are catering for community needs. The survey has been extended until Friday 23rd October.

Please take this opportunity to give us your feedback!

Keel Street and Cabin Close—safety and parking

We have had a number of complaints from residents reporting parents parking in these narrow streets in the afternoon. The safety of children using this entrance is being compromised by parents parking in the narrow streets.

There was an agreement with the residents of these streets that parents could not park there to access the school. Parking is on Bagnall’s Beach Road when using the back entrance to the school. We ask all parents to respect the rights of our neighbours and observe the rules established by the council and the residents. The council rangers and police will be contacted to conduct patrols around our school and ensure safe driving practice.

Thank you for your cooperation and consideration in this important matter.
